Provider Patterns of Care

DOD/HMHS Region 4 Data Sharing Online

Jerry Muehlberger, Col, USAF, Ret

Provider Patterns of Care - Why?

- **Best Practices:**
  - Hi complexity panel
  - Low complications
  - High rates of preventive services
  - Low Utilization
  - Competitive Volume

- **Educational or Resource adjustment Opportunities:**
  - Low complexity panel
  - Hi complications
  - Low rates of preventive services
  - Hi Utilization
  - Low Volume

Provider Patterns of Care - How?

- Clinical Chart Entries
- Preventive Interventions Reports
- ER reports
- Admission reports
- Panel size
- Panel complexity (how to measure?)
- Pharmacy reports
- Specialist referrals
- Patient complaints
- Quality data/Peer Review
- Cost of care:
  - MTF data
  - Claims data

Provider Patterns of Care - What should it look like?

- A single report √
- Readily accessible √
- Searchable and with multi-level drill down capability √
- Contains both MTF and claims data √
- Specialty specific √
- Graphic Format with mean and standard deviation √
- Includes complexity factor √
- Download capability (to spreadsheet program) √
- Includes quality (preventive) data ?

Humana Military Healthcare Services is the prime contractor for TRICARE health services in the - Microsoft Ir

DoD Resources

Welcome to the *DoD Resources* site for TRICARE Regions 3 and 4. This site is designed to provide quick access to MTF Home Pages and the TRICARE Management Activity Page. The available resources shown as tabs on the top of the page are described below. Click on the links to access the resources!

Online MTF Services. Interactive Reporting enables eligible MTF users to view dynamic reports about their MTF and patients. Referrals and Authorizations is a web based system that allows providers to enter and check on referrals, check patient eligibility and look up procedure codes.

TMA Link. This is your link to TRICARE Management Activity (TMA). Stay connected to all the government's information about TRICARE.

MTF Home Pages. Access to the home pages for the Military Treatment Facilities in Regions 3 and 4 as well as access to the Lead Agent Home Pages.

HBA/Mainframe Access. This is a secure way to get government required reports and access to the Enrollment, PIMS, DEERS and CRIS systems using any PC with a web browser and Internet access.

Explanation of Data Presented

Indicators are based on claims incurred for your members.

Indicators are adjusted for the age and gender of you members. A standard factor is 1.0; higher values indicate members are more likely to use healthcare

Norms and percentiles are based on 63 PCMs in a Community Hospital with the Peer Specialty of FAMILY PRACTICE/PRIMARY CARE.

Your indicators that fall outside peer norms are listed below. Please assess what conditions or patients affect these indicators for your practice. Please cont your Medical Director or Lead Agent with questions or concerns.
